## **Extended Stay-at-Home Order and Youth Vaccination Plan**

May 14, 2021

Dear Parents/Guardians:

On May 13, 2021, the Premier of Ontario [announced](#) an extension to the Stay-at-Home Order until at least June 2, 2021. All elementary and secondary schools will continue to operate under teacher-led remote learning. The government will continue to use the advice of public health officials and medical experts to inform the decision to return to in-person learning, and an update will be provided once a safe return is recommended.

The government has also announced that beginning May 31, youth in Ontario currently aged 12 to 17 and their family members who have not received a vaccine, will be eligible to book an appointment to receive their first dose of the Pfizer vaccine. Our local Health Unit will be leading this initiative and collaborating with school boards to support a local youth and family vaccination plan. This information will be shared with our families as local planning develops.

Please continue to monitor Edsby, as well as our social media and [website](#), for the most up-to-date information, and continue to follow the advice of the [North Bay Parry Sound District Health Unit](#).

We thank all of our staff, students and families for supporting our schools and for continuing to do their part to keep our community safe. Our prayerful best wishes for continued learning success.

Thank you.

Nipissing-Parry Sound Catholic District School Board
